NO RAISE IN PRICES

San Francisco Hotels Will Charge Regular Rates in 1914.

San Francisco, December 6.—An almost unanimous declaration of San Francisco hotel owners that no increase in the present charges for rooms will be asked in 1914 was made yesterday by George Hough Perry, director of the division of exploitation of the Panama-Pacific Exposition, which will be held here next year.

The declaration, as Mr. Perry's statement explained, follows an alteration between the exposition management and the hotel owners, which centered around the management's plan of exposition officials to build a modern inn, with service at prices which the world would control. The hotel men objected to the spending of this inn, which, Mr. Perry says, brought the question of accommodations to a head.
